

The ceiling fan from the WINCH family is here, inspired by the gas lights found on old fishing boats along the Mediterranean coast, a designer fan by Faro Design Team. WINCH is a ceiling fan with light ideal for the ventilation of rooms over 17.6m². Operated on remote control (included). It has 3 adjustable speeds with a 15 - 30 - 60W consumption and 90 - 145 - 190 revolutions per minute depending on speed. This fan comes with a reverse function, so you can also use it in winter, improving the efficiency of your heating system. Suitable for inclining roof and to be installed directly to the roof.
