

POWERED BOOKSHELF SPEAKERS

Keep things simple without forfeiting performance. Housed within YU’s compact MDF cabinets is everything you need to get the most out of your favorite tunes. Bluetooth 4.2 with aptX provides high-quality streaming, a single RCA input covers all your analog needs, and a SUB OUT port gives you the option to really crank up the bass. Equipped with 4-inch Kevlar® drivers and 1-inch silk dome tweeters, this high-performance powered speaker system delivers smooth, natural sound while ensuring you experience the full impact of lower frequencies. For laid-back listening, use the provided remote to make quick volume, tone and balance adjustments, as well as control playback while streaming via Bluetooth.

Input Voltage / Frequency	AC 100V - 240V 50/60 Hz (auto switching)	Matte White	UPC: 800152722511

REMARKABLE SOUND

1" silk dome tweeters and 4" Kevlar® drivers deliver crisp highs and a wonderfully balanced mid-range, faithfully reproducing all your favorite tunes.

BLUETOOTH® 4.2 APTX™

Along with a single RCA input for all your analog devices, YU features Bluetooth® 4.2 with Qualcomm® aptX™ technology, letting you enjoy high-quality streaming from the palm of your hand.

SIGNAL DETECTION

Automatic standby and power-up modes help to conserve power when you're gone and ensure you never miss a beat when your music starts playing. Simply hit play on the previously connected source and YU will handle the rest.

REMOTE CONTROL

With volume, input, tone and balance controls, as well as playback options while using Bluetooth, the YU remote gives you full control over your audio.

SIMPLE INTERFACE

YU's user-friendly interface features a single knob. Simply rotate for volume, push in to switch between inputs, or push and hold to activate and deactivate standby mode.
